Jennifer: don't know if 2 pm will work for you today, but it looks like Art will be there for ECEJ as well. We are only covering two specific UIC issues: Class III/V uranium ISR-related permitting at Dewey Burdock, and WOGCC's pending request from Encana for exempting part of the Madison for Class II disposal.

Art is planning to sit in as well. No I don't have a problem with Jennifer sitting in as well. It is at 2 in the cactus room.

Sadie: please advise in our responding back to Jennifer. I think the briefing is still at 2 pm?

Thanks,

Douglas-

I wanted to let you know that in our Leadership Team meeting yesterday Eddie and Mike let us know that OPRA is providing briefings to the new RA, and that they had talked with Callie about ECEJ folks attending so we can know what level of information Shaun had before we gave him any enforcement-specific briefings. She was supportive of this approach, so that we were coordinated in efforts to brief Shaun. They let me know the water briefing is tomorrow at 3:30 pm, and I was wondering if the UIC program would be presenting information at that time? Would you be okay if I were a fly on the wall to hear what information he receives and questions he has for UIC?

Thanks!

Jennifer
